

### STUDENT DENTAL REPORT FORM

Student dental exams are required for kindergarten, fourth grade, seventh grade, ninth grade, and all students new to the Elkhorn Area School District. Dental exams are important as the teeth and gums affect the wellness of children through their position, ability to chew, speech, and the overall appearance of a health smile. This form is to be filled out by your dentist and returned to EASD.

**Note:** More than 40% of 5-year olds have tooth decay or cavities. More than 85% of 17-year olds have tooth decay or cavities.
